

## Do business in Australia

Australia is a key market for New Zealand. Here we have information about searching and registering in Australia and the 2005 Gateway to Australia Trade Summit. You will also find news about the Memorandum of Understanding designed to promote greater regulatory cooperation between the New Zealand Companies Office and the Australian Securities & Investments Commission (ASIC).

### Further information

#### [Company searching and registration in Australia](#)

Searching and registering a company in Australia and associated costs.

#### [Trans-Tasman regulatory alignment moves a step closer](#)

Companies operating on both sides of the Tasman can expect simplified regulatory obligations in the future, with the signing of a Memorandum of Understanding between the New Zealand Companies Office and ASIC.
