

Registering to use the website

You need to be a registered user to access most of the online services on this website. There are no joining or maintenance fees and you will only be charged for the services you use.

Important

If you already have an igovt logon you won't need to create a new one, simply **Log on** and enter your username and password.

There are two steps to registering as a user of the Companies Office website.

[Step one - igovt logon](#)

If you already have an igovt logon you won't need to create a new one, simply 'Log on' and enter your user name and password. If you need an igovt logon you can 'Register' to create one from our website.

[Step two - Companies Office account](#)

You now need to set up a new Companies Office account or re-activate your previous account. You will then need to complete a few more details to finish setting up your new Companies Office account (Logon).
