

If you need more information about managing health and safety in the workplace and preventing injuries, check out the ACC resources below.

[Preventing Injuries](#)

Find out how to keep your workplace injury-free. You will also find links to other injury prevention sites to help keep you, your family and your workplace injury-free.

[ACC Workplace Safety Evaluations](#)

ACC Workplace Safety Evaluations is a process designed to help employers with poor injury statistics to improve the safety of their workplace.

[ACC Workplace Safety Discounts](#)

ACC Workplace Safety Discounts encourage you to keep injuries out of the workplace by giving you a discount on your levies. These apply to some industries only.

[ACC Workplace Safety Management Practices programme](#)

This programme is aimed at medium-sized employers, and gives safer workplaces discounts of up to 20 percent on their ACC levies.

[ACC Partnership Programme](#)

Employers can take up to 90 percent off their ACC levies, if they take responsibility for their employees' work injury claims. The Partnership Programme is more suitable for large employers whose levies exceed \$150,000 per year.

Recording and reporting accidents

Find out more about recording and reporting accidents at the Department of Labour's [Health and Safety website](#).
