Qualifications in Practice Management (Health)

The Practice Managers and Administration Association of New Zealand (PMAANZ) has been in negotiations with NZIM National to develop and provide a certificate and diploma in practice management (health).

These qualifications use a selection of papers from the NZIM Certificate in Management and the NZ Diploma in Business, together with papers designed specifically for managers of health practices.

NZQA approved these qualifications in April 2009. For further information on these programmes, please [click here](#).
