

Future opportunities

There are a range of ways to find out where future opportunities might be:

[Annual procurement plans explained](#)

Potential government opportunities are contained in agencies' Annual Procurement Plans (APP). An APP is an annual forecast of expected procurements. The purpose of publishing APPs is to increase suppliers' advance notice of possible contracts.

[Forecast opportunities - our procurement plans](#)

Information on forecast procurement opportunities is available in two formats; a consolidated Excel spreadsheet and pre-sorted consolidated reports.

[Additional agency information](#)

How can you find out about an individual agency's overarching purpose, goals and procurement objectives.

[Meet the buyer](#)

Information for suppliers about the New Zealand government procurement 'Meet the Buyer' event.
